**Update related to COVID-19/Coronavirus and Basketball Nova Scotia programming**

March 13<sup>th</sup>, 2020

Due to the ongoing developments in the Coronavirus (COVID-19) pandemic and in an attempt to limit the further impact of the virus, Basketball Nova Scotia has cancelled all sanctioned events until further notice, including the following:

- Targeted Athlete Strategy (TAS) Canadian Sport Centre Atlantic (CSCA) Training (March 15, 25 & 29, 2020)
- Basketball Day in Nova Scotia - Halifax Hurricanes vs. Windsor Express (March 18, 2020)
- BNS Signature Coaching Clinic (March 20 – 22)
- U14 Provincial Championships (March 27 – 29)
- U16/18 Provincial Championships (April 3 – 5)
- Canadian Wheelchair Basketball League Women's Nationals (April 3 – 5)

Basketball Nova Scotia, with guidance from the Nova Scotia Chief Medical Officer, Canadian and global health authorities, will continue to monitor the situation on a daily basis and advise on the status of upcoming events as new information becomes available. This includes upcoming events and plans for Team Scotia (Provincial Teams U14 – U17).

Basketball Nova Scotia is committed to the health and safety of our basketball community. We ask that our Club Presidents communicate this to their coaches and families. The offices of Basketball Nova Scotia will be closed to the public during this period of time but staff will be available through email and phone to assist where necessary. We thank you for your patience as we take the time to make the best decision in the circumstances.

Katherine Brien

Executive Director  
Basketball Nova Scotia
